El Hopper was your normal teen you see everyday except she had no friends except one .

Max Mayfield she was hardly ever in any of her classes . At lunch she would completely take her out of the school to eat. But they where besties.

They where complete opposites . Max liked rock music and blues ,while El liked romance music and Upbeat tempos.

El was the girl who had her hair always in a ponytail with he navy glasses and jewelry who no one talked to because she was to geeky they told her and she ignored them .

Max is a punk bitch who gets what she wants when she wants it . She wants your money , you give it to her or she beats you up with a chair . She gives Troy middle fingers and if you hurted El she would rip you to shreds .

As the girls walked down the hall max pushed El to the side of the wall as she knew someone was there she looked down the hall to see 4 boys .

Lucas Sinclair , Dustin Henderson , Will Byers and Mike Wheeler .

Max couldn't risk people seeing her skip .So for her sake and El's she shoved them into the closet leaving a note on the floor where the boys where walking saying .

" meet me in the auditorium

- Max Mayfield (Bitch) "

" wha-" El was cut off by throwing her into the janitors closet " ok now talk . but WHISPER " max whispered "ok .goodness , now will you please tell me where your taking me " El whispered

" somewhere insane " max said.

" I'm telling you dipping fries from Benny's into syrup is ok and AMAZING!" Dustin yelled at Lucas

" no if you think that is acceptable burn in hell Dustin cause that is disgusting "

Lucas responded " please both of you shut up " will said as he silently counted his foot steps " 434,435,436" he whispered .

"Dude are you counting your steps " Mike asked " yeah so -uh wait guys what's this note " will asked all the boys looked to where will pointed and went to the auditorium .

" What do you want mayfield" Lucas asked " I have a proposition for you " max said as she napped her fingers " I want you idiots to come to my party everybody's coming " Max said " and what is the proposition in it? " Lucas asked " well I figured since all of the girls are going and we are going to do seven minutes in heaven plus spin the bottle and other stuff just thought you guys might want to come " max said with a snark grin " max cmon you ready I need to go get my contacts and your leather mini skirt you wanted to wear " El said all eyes landed on her .

"Think about it ok " max said " oh also if you do come it's at my house while my parents and brother are on a cruise and come at 6:00 party ends at 12:00 bye " max reminded them

"We should go come onnnnn" Dustin said " fine we'll go " said mike

" heyyy boys what you doing cmon over

For seven minutes in heaven .you might just get luckyyyy" max said

"Ok max cmon .Hey guys cmon we'll be late " El said taking max

" ok El you go first " Max said " fine ." She said annoyingly

She spun the bottle and it landed on

Mike

" alright go go go " max said as she pushed them into the closet

" listen I know you probably don't want to do this and I'm sorry you probably don't even want me to be here to kiss me uh I um but like we don't have to kiss you know we could just sit here or we could tell them we're not comfortable or they are rude and you don't want to do this and you know we can just leave and I can leave and you can just stay away from me and-" mike was cutt off by El grabbing his shirt.

And twisting it in her hands and pushed him up against the wall and started kissing him

El kissed mikes neck aggressively and pushed him to the other side of the closet and kissed him so much when she let go she was out of breath
